

Combi Chef 7 Video Launched!

Please attribute any quotes to Kris Brearley, Sales Director, RH Hall

Working with exclusive distributors R H Hall, Maestrowave have produced their first ever Combination Microwave Oven video – focusing on the many features & benefits of the new Combi Chef 7 - *Your Intelligent Chef!*

This versatile machine is capable of cooking a huge variety of foods and includes many innovative features, such as *Menu Creator™* software, which can store up to 99 menu options.

The R H Hall Food Solutions team – Chris O’Neill and Janet Caveney – show the wide range of food that can be prepared and explain all the features of the machine in more detail.

This video provides a great tool for end users when deciding which machine best suits their needs, and also for dealers to help recommend and support a sale.
