

RICE COOKERS & FOOD WARMERS

Maestrowave were one of the very first companies to enter the UK market with a truly commercial rice cooker and over the past 8 years we have continued to increase specification and performance levels to ensure we keep one step ahead of the rest! The latest rice cookers have modern electronic controls with simple one touch operation and a clever auto shut-off facility when the rice is cooked, making them even easier to use. Durable high quality stainless steel exterior finish and Teflon 'non-stick' interior with removable bowl make for ease of cleaning too. An indispensable must for any kitchen – great versatility at an affordable price, plus the largest cooking capacities available in the market. This range is well specified with major National food chains.

MRC5L

5 litre capacity with 'cook and hold' feature – will cook 5 litres of rice, or as little as 1 litre, to perfection and hold it at a safe temperature for up to 8 hours without losing moisture and quality of rice.

CAPACITY: 5 LITRE **LOADING:** 1.95KW **DIMENSIONS:** 460dia. 340h

MRFW20L

For greater volumes, this 20 litre rice/food warmer offers the ultimate in capacity and flexibility. Will hold up to 20 litres of rice, or any other appropriate foods, for example curry sauce, mushy peas, soups etc at a warm food safe temperature for up to 12 hours, perfect for serving on-demand.

CAPACITY: 20 LITRE **LOADING:** 0.84KW **DIMENSIONS:** 460dia. 370h

SLICERS

Encompassing a host of features the fantastic Maestrowave range of commercial slicers challenges any competitor on the market. Finished in a heavy duty, highly polished casting with high performance blades, low decibel motors and high power outputs their quality is outstanding. All models operate from a single 13amp supply and are simple to use, safe, reliable and suitable for all small, medium and heavy duty applications. Features are everything you would expect from a top quality product, but not the price – you will be astounded at the extremely good value for money this range is.

MBSLICE

Powerful medium-duty gear driven slicer with an 170mm diameter high performance blade. Its compact design means it saves valuable work space. Features an innovative food holder, blade guard and safety lock.

LOADING: 130W **WEIGHT:** 7.5KG **DIMENSIONS:** 375w 300d 260h

ME2560S

With a 250mm diameter high performance blade, this is an extra heavy-duty gear driven slicer. Its solid construction and durability means it is guaranteed to produce consistently smooth slices every time.

LOADING: 300W **WEIGHT:** 21KG **DIMENSIONS:** 515w 380d 370h

ME3060S

For a larger sized cut this model is ideal with its 300mm diameter blade. The most powerful in the range, this extra heavy-duty slicer would be suitable for a larger, high volume operation.

LOADING: 300W **WEIGHT:** 22KG **DIMENSIONS:** 565w 420d 405h
