

Slicers

Maestrowave's comprehensive range of slicers ensures there's one to suit all food preparation requirements – whatever the size of the operation. All models feature a blade sharpener and allow for adjustable slicing with precision thickness control ranging from 0-15 mm in width.

MBSLICE is a powerful medium-duty gear driven slicer with a 170mm diameter high performance blade. Its compact design means it saves valuable work space and it features an innovative holder which holds the un-sliced remainder.

Dimensions:	375W 300D 260H mm
Weight:	7.5kg
Loading:	130W

With a 250mm diameter high performance blade, the **ME2560S** is an extra heavy-duty gear driven slicer. Its solid construction and durability means it is guaranteed to produce consistently smooth slices every time.

Dimensions:	515W 380D 370H mm
Weight:	18kg
Loading:	300W

For a larger-sized cut, the **ME3060S** is ideal with its 300mm diameter blade. The most powerful in the range, this extra heavy-duty slicer would be suitable for a larger, high volume operation.

Dimensions:	565W 420D 405H mm
Weight:	23kg
Loading:	300W
