

# Maestrowave MW18Ti60HZ Microwave Oven

*1800W Output – Inverter Technology – Menu Creator Software*

With an 1800W output, the Maestrowave MW18Ti60HZ Microwave is the perfect solution for any operator needing fast and consistent results, without compromising on quality.

**With a frequency of 60 Hz, this machine is modified for use on offshore sites.**

Inverter technology has a vast range of benefits, from consistent cooking to energy efficiency and is ideal for delicate foods and defrosting.

Unique Menu Creator™ software allows up to 297 programmes to be created and uploaded via USB, offering operators the ability to ensure uniform results across multiple sites if required.
